

# ALTER BED CAPACITY REPORT

## Fiscal Year 2016/2017

T.C.A. §68-11-1607(g) "...no more frequently than one (1) time every three (3) years, a hospital, rehabilitation facility, or mental health hospital may increase its total number of licensed beds in any bed category by ten percent (10%) or less of its licensed capacity at any one (1) campus over any period of one (1) year for any services or purposes it is licensed to perform without obtaining a certificate of need. The hospital, rehabilitation facility, or mental health hospital shall provide written notice of the increase in beds to the agency on forms provided by the agency prior to the request for licensing by the board for licensing healthcare facilities or the department of mental health and substance abuse services, whichever is appropriate."
